Weight loss

The effective overweight and obesity treatments
New! Full line of weight loss products for every type of person
Different people, different treatments.

**Weight loss assortment**

**Different people, different treatments**
People have different causes for being overweight and obese: some people can not stop eating (binge eaters), some people can not stop their cravings for sweets, carbohydrates and fatty foods like snacks. One thing they all have in common: these foods often provide the body with more calories than it needs – the excess energy is stored in fat deposits. Now Obesimed® has a full line of weight loss products for every type of person.

**Satiety formula**
For adults and children aged 10 years and over. Absorbs 50x its weight in water.

**Claims**
- For the treatment of obesity
- For substantial weight loss
- Prevents overeating
- Prevents excessive eating
- Supports a balanced diet

**Mechanism of action**
Obesimed® gives a sensation of being full, achieving satisfaction more readily during a meal and the period after.

**Active ingredients**
Omtec19®

**Dosage**
2 capsules before every meal, 3 times a day.

**Content**
45 capsules

---

**Fat blocking formula**
For adults and children after consulting a doctor. Absorbs up to 800x its own weight in fat (in vitro tests).

**Claims**
- Prevents or treats excess overweight and obesity
- Reduces calorie intake from fat, sugar and carbohydrates
- Reduces the cholesterol absorption from food
- Reduces the feeling of being hungry and, therefore, the size of meal portions can be easily reduced.

**Mechanism of action**
Obesimed® Bloc has a high lipid binding capacity and forms a gel-like substance and mixes with the food. Fats and cholesterol are removed from the food and bound in a non-soluble form. The bound fats are excreted undigested. Moreover OmtecXS® lowers desire to eat and has good influence on blood sugar levels.

**Active ingredients**
Omtecs0® and OmtecXS®

**Dosage**
1 capsule 2-3 times a day

**Content**
30 / 60 / 120 / 180 capsules

---

**Carb blocking formula**
For adults aged 18 years and over.

**Claims**
- For the treatment of overweight and obesity
- Reduces the cholesterol intake from sugar and carbohydrates
- Reduces the appetite
- Scientifically proven effective

**Mechanism of action**
OmtecXS® disrupts the carbohydrate digestion process. In this process, fats, sugars and carbohydrates are removed from the food and bound in a non-soluble form. The bound fats are excreted undigested. Moreover OmtecXS® lowers desire to eat and has good influence on blood sugar levels.

**Active ingredients**
OmtecXS®

**Dosage**
2 capsules before every meal, 3 times a day.

**Content**
30 / 60 / 120 / 180 capsules

---

**Obesimed Flat Belly**
For adults and children aged 12 years and over.

**Claims**
- For a tight belly
- Losing of centimeters
- Reduces bloating and abdominal distension

**Mechanism of action**
Natural mineral clay has the ability to bind endotoxins, bacteria, and rotaviruses (removing the bowel irritating materials). The clay is able to bind excessive water. Simethicone acts as a surfactant: it has a very low surface tension and forms a thin film. It reduces the size of gas bubbles, thus allowing easier passage of gas.

**Active ingredients**
Natural mineral clay and Simethicone 50%

**Dosage**
1 capsule 2-3 times a day

**Content**
30 capsules

---

**Carb blocking formula**
For adults aged 18 years and over.

**Claims**
- For the treatment of overweight and obesity
- Reduces the calorie intake from sugar and carbohydrates
- Reduces the appetite
- Scientifically proven effective

**Mechanism of action**
Omtecs0® is a natural fiber with a high lipid binding capacity. Fats and cholesterol are removed from the food and bound in a non-soluble form. Omtecs0® disrupts the carbohydrate digestion process. In this process, fats, sugars and carbohydrates are removed from the food and bound in a non-soluble form. The bound fats are excreted undigested. Moreover Omtecs0® lowers desire to eat and has good influence on blood sugar levels.

**Active ingredients**
Omtecs0® and Omtec20®

**Dosage**
2 capsules 2 times a day before a main meal.

**Content**
45 capsules

---
